CSEA FREE ASSOCIATE DEGREE PROGRAM

Earn your Associate Degree online, or take courses for career advancement

CSEA, Union Plus and Eastern Gateway College are offering the chance to earn an associate degree online from an accredited school with no out-of-pocket expense. Students can also take courses for personal enrichment or career advancement at no cost without completing a degree.

Zero out-of-pocket costs – really!

After you complete your Free Application for Student Aid (FAFSA), Eastern Gateway College's "last dollar scholarship" covers the difference between any federal grants and your tuition, books, fees and e-books – even if you aren't eligible for any federal grants.

What can you study?

Programs include degrees in Teacher Education, Business Management, Labor Studies and more!

CSEA NO-COST BACHELOR'S DEGREE COMPLETION PROGRAM

Complete your Bachelor's Degree online

CSEA and Central State University are offering the chance to complete a bachelor's degree online from an accredited university at no-cost.

What are the requirements?

Applicants must have an Associate degree or at least 60 transferable credits to be considered. Students who do not meet this requirement can complete needed courses through the CSEA Free Associate Degree Program. Students must stay continuously enrolled in at least one course each term to complete their degree at no-cost for tuition, books, and fees.

How does the financial side work?

The benefit is a "last-dollar scholarship", or grant, that fills the gap between any federal, state or employer education grants you receive and the cost of tuition, fees and e-books for certain online bachelor's degree completion programs at Central State University. Every applicant is required to complete the FAFSA in order to determine the amount of the "last-dollar scholarship" that will be applied to their tuition, fees, and e-books. Even if the applicant does not qualify for federal or other grants, they will still be eligible for this scholarship benefit.

What can you study?

Degrees are currently offered in Education, Business Administration, and Criminal Justice. Additional degree programs are coming soon.

These programs are available to:

- CSEA members
- Retired members
- Any family member, including spouses, domestic partners, children, grandchildren and more!
